# WATER IN AFRICA

Give water  
Give life...  
Help Africa!

HELP ONE HELP ALL!

TOGETHER WE CAN HELP  
BELIEVE IN THE POWER OF KINDNESS

We are attempting to raise \$8,000.00 to build a clean water well in Ethiopia! We need your help to achieve "Clean Water For All!"

## THE KINDNESS EFFECT

**More than one billion people remain without access to safe drinking water. Unsafe water and inadequate sanitation is the world's single largest cause of sickness and responsible for the deaths of over 6,000 children every day. This means a child dies every 15 seconds due to a contaminated water disease.**

**This is a solvable health emergency!**

**In developing countries, it is common for water**

**collectors to walk over 6 km a day to fetch dirty water.**

**There is no time to go to school or they are too sick to attend.**

**Water accessibility effects every aspect of international development and the fight against global poverty!**

**It costs \$25.00 to provide one person in eastern Africa with clean water, sanitation, and better health.**

**Please help fight global poverty!**

WE HAVE A VISION OF CLEAN WATER FOR ALL !!!
